

INTRODUCING THE CASEBOOK 3

CONNECTING HEALTHCARE

LOW COST RUGGED LATEX FREE
2 in 1 tablet
Connecting Healthcare

TETRATAB are a trusted and recognised supplier of rugged workforce tablets to emergency services and other rugged workforce markets worldwide.

Powered by Intel Quad Core Processors, the CASEBOOK 3 by TETRATAB is a low cost '2-in-1' rugged tablet with detachable keyboard and integrated stylus.

Available with Windows or Android and fully loaded with 4G, NFC, Wi-Fi and Bluetooth 4, the CASEBOOK 3 is further enhanced by water and dust resistance to IP 52 and a robust design able to withstand drops onto concrete up to 0.7 meters.

All CASEBOOK 3 models have a bright and easily readable touch screen with stylus or multi-touch finger input. The optional upgrade to integrated NFC smart-card holder with additional hand grips further enhances security and portability.

Manufactured specially to meet the identified requirements of healthcare customers, the 'Latex Free Construction', 'Antimicrobial Coating' and 'Resistance to Surgical Wipes', make the CASEBOOK 3 the ultimate device for any healthcare workforce needing affordable, secure and robust mobile computing.

Integrated INTEL TPM Module

A dedicated Intel module designed to secure hardware by integrating cryptographic keys into devices.
